Your client base is shrinking.

The older kids are aging out and heading off to college. Their parents are selling the horses, never to be seen again.

How are you going to replace them?

I hope you have a **website** that shows up on the first page when people do a Google search.

I hope you collect **email** addresses from the people who visit your website and use those to let them know how much fun your stable family is having.

I hope you have a **Facebook** page and post to it multiple times a day.

I hope you have **flyers** promoting your stable available at places where non-horsey people hang out.

These are just a few ways you can reach out to potential clients. **But...aren't you busy?**

Do you want to spend 4-6 hours on the computer every night after a long day at the barn?

I spend my days doing this so you don't have to. I spend my free time with horses and I know how much fun it is.

Call me, email me, message me on Facebook - let's get your marketing campaign going.
